MID TERM EVENT OF THE EUROPEAN RURAL PARLIAMENT (ERP) - SAVE THE DATE

The ERP Mid-Term Event will take place online on Wednesday October 27, 2021. It will be an all-day event.

The programme will involve presentations from the European institutions, our ERP and ERYP (European Rural Youth parliament) partners and researchers. There will also be interactive workshops on different themes. Please put this in your diaries and notify anyone from your organisations/networks whom you wish to involve in the event. As it is online we will be able to have a much larger participation than usual, and it would be good to extend the involvement beyond those usually involved in each country. The purpose of our Mid-Term Events is to:

- map progress on the recommendations of the last European Rural Parliament – both within the European Commission and also our Partner organisations
- identify and look at any contextual changes that have taken place since then
- raise and discuss the key issues for the future and for the 5th ERP in 2022.

EXCHANGE AND IN-DEPTH DISCUSSION ON SMART VILLAGES

PREPARATORY ACTION ON
**Smart Rural Areas
in the 21st Century**

The first of four regional workshops of the European project Smart Rural 21 was organised in Poland in the organic farming cooperative of Tomaszyn on 12-14 September and included an on-line discussion with experts and policy makers across the EU about the best methods to support smart villages. A number of interesting lessons and recommendations were shared in the discussion. More information about the event and YouTube links can be found here: <https://www.smartrural21.eu/smart-rural-21-project/events/regional-workshops/>.
